

Arslan Artykov

 +33 768-6353-95  artikov.arslan@gmail.com  Paris, France

Education

PhD in Computer Science

École des Ponts ParisTech / Institute Polytechnic de Paris

 17  10/2023 – present  Paris, France

- Articulated Object Modeling from a Casual Video

Master of Science in Aerospace Engineering

Istanbul Technical University

 17  09/2020 – 06/2023  Istanbul, Turkey

- GPA 3.9 (Top 1% of the Program)

Bachelor of Science in Aeronautical Engineering

Istanbul Technical University

 17  09/2017 – 06/2020  Istanbul, Turkey

- GPA 3.8 (top 1% of the program)

Research Experience

PhD Student, IMAGINE Lab, École des Ponts ParisTech

 17  10/2023 – present  Paris, France

- Articulated Object Modeling from a Casual Video

Research Intern, DeepMIA Lab, Boğaziçi University

 17  11/2022 – 07/2023  Istanbul, Turkey

- Generating post-contrast cardiac MRI images with a diffusion model conditioned on contrast-free images

Research Intern, Aerospace Research Center, Istanbul Technical University

 17  02/2021 – 06/2022  Istanbul, Turkey

- Deep Learning based key points driven VIO for GNSS-denied flight
- IMU measurement preprocessing with recurrent neural network
- Deep Learning based runway detection and segmentation

Academic Activities

Recent Publications

- **NeurIPS 2026:** *Articulation in Prime: Primitive-based Articulated Object Understanding from a Single Casual Video*

Arslan Artykov, Tom Ravaud, Nicolás Violante Grezzi, Vincent Lepetit

- **Under Review:** *MOSAIC: A Data-Driven Method for Modeling Articulated Objects from a Single Casual Video*

Arslan Artykov, Tom Ravaud, Corentin Sautier, Vincent Lepetit

- **ICCV Workshop 2025:** *Articulated Object Understanding from a Single Video Sequence*

Arslan Artykov, Clementin Boittiaux, Vincent Lepetit

- **CVPR 2025:** *PyTorchGeoNodes: Enabling Differentiable Shape Programs for 3D Shape Reconstruction*

Sinisa Stekovic, **Arslan Artykov**, Stefan Ainetter, Mattia D'Urso, Friedrich Fraundorfer

Teaching

 11/2024 – 11/2025  Paris, France

- 3D Computer Vision, *Teaching Assistant*, M2(Master MVA)

Miscellaneous

Research Interests

- 3D/4D Scene Reconstruction
- Geometric Deep Learning
- Robotics
- Computer Vision
